Editors

On behalf of the Editorial Board of the Neuropsychiatry (London) (jneuropsychiatry.org) and my co-editors I am glad to present the Volume 10, Issue 2 of the journal. The journal established in 2011 has now published 10 volume; six issues in a year. The journal is indexed in **Journal Citation Reports/Science Edition, Science Citation Index Expanded (SciSearch®), Scopus, EMBASE/Excerpta Medica, EMCare, Europub** and also by different academic forums.

The objective of NPY is to publish up-to-date, quality original research and review papers, case reports on a wide range of topics

including neuropsychiatric disorders, clinical neuropsychiatry, cognitive neuropsychiatry, neuroimaging etc. We could reach this stage through the constant support of Board Members and intellectual generosity of the readers and contributors (authors and reviewers). Best wishes and thank you in advance for your contribution to the Journal.

I take this opportunity to acknowledge the contribution of Dr Tianfu for the continuous support. The current emphasis of the journal includes (but is not limited to) the following areas: neuropsychiatric disorders, clinical neuropsychiatry, cognitive neuropsychiatry, neuroimaging.
